# Low-cost, touch free parking at more than 17,000 locations

RingGo is the UK's No.1 parking app, offered in over 500 towns and cities across 150 local authorities... and counting. With more locations added all the time, we're double the size of our nearest competitor, offering the widest availability of touch free, cashless parking across the whole of the UK.

Our app makes it easy to find a parking space and pay in just a few clicks. Reminders mean there's no need to keep an eye on the clock - simply extend your stay and pay from your phone.

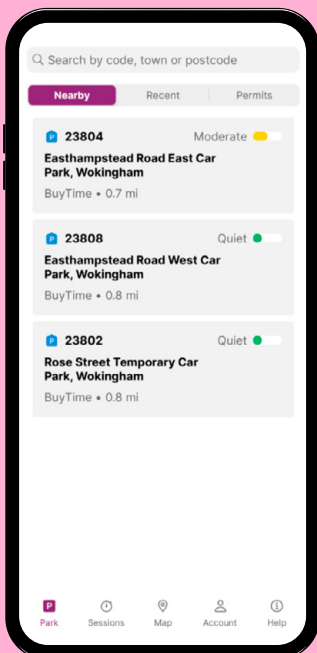

## Pay to park in just a few clicks.

A central billing system and your personalised dashboard keep the admin easy and costs to a minimum. Plus, our intuitive insight and reporting tools give you an instant, bird's eye view of your fleet and parking activity.

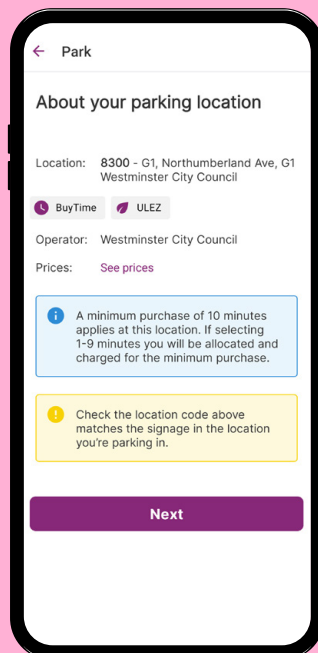

## It's parking, made simple

## How it works

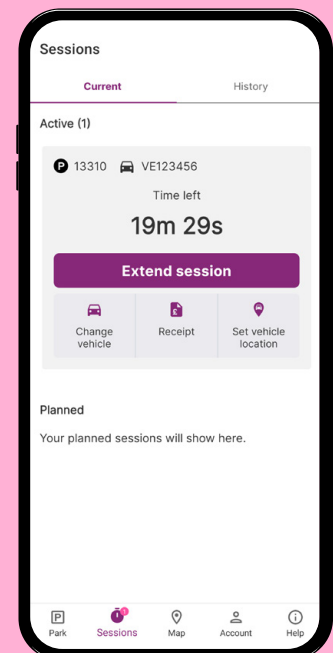

### 1- Park

### 2- Pay

### 3- Get on with your day

# Built to make parking better for businesses

Admin. It's often the sore point of company parking. So, we've made it quick and painless.

- Minimise admin with one clear monthly invoice.
- Say 'so long!' to chasing receipts.
- They're automatically stored securely online for up to 3 years.
- Produce itemised VAT invoices with ease.
- Add employees and vehicles to your account in moments.

For larger fleets, reducing PCNs has the potential to save a business hundreds of thousands of pounds every year, plus the time and energy spent taking care of the admin. And for smaller companies, the cost of a RingGo subscription could be less than a single parking ticket.

The unexpected costs of penalty charge notices (PCNs) can quickly add up, and they're easily avoidable when employees can pay for parking by phone in seconds.

## Reduce the risk of charge notices

- It's simple to set up a parking session and pay using the app.
- When time's nearly up, app users get a reminder nudge.
- They can extend their parking with just a few clicks, so no more excuses for PCNs.

## Boost productivity

RingGo Corporate makes parking simple and easy for employees, leaving them free to do what they do best: their jobs.

- Park smart: find a space and get directions to it in the app.
- Find an electric vehicle charging point and park-and-charge with zero fuss.
- Stuck in a meeting? Use the app to extend parking in seconds.

## On hand when you need us

We'll work with you to make sure you have everything you need to get started, and all your staff know how to get the most out of the RingGo Corporate app. And if you need anything else, our UK-based team of expert account managers are ready to help.

## All the perks of a personal account

We don't hike parking prices just because it's on the company account. Employees pay the same as retail customers, so you know you're getting the best deal.

# Helping you save your business time and money

We're always looking for new ways to help you save time, effort and money on company parking.

## See for yourself how much you could save

Our quick and easy calculator shows you how much you can save in parking costs and gain in productivity. It only takes a few moments to see how RingGo Corporate can help your business.

## Save time. Save Money.

Just tell us how many employees you have, roughly how many parking sessions you use and the number of penalty charge notices you see in a month. We'll show you what joining RingGo could save you in a single month or over a whole year. And we think you'll like it.

**Easy parking at more than 17,000 locations**

- 1 Set up account**  
Set up your Corporate account in minutes.
- 2 Employee parks**  
Employees download the app and register on their phone.
- 3 Book session**  
They can use the app to find a parking spot and pay in seconds on the company account.
- 4 Text reminders**  
Stay a step ahead of parking restrictions. Simply use the app or call us to extend a parking session.

# About RingGo

RingGo is the UK's no.1 cashless parking solution, serving more than 19 million customers, in 500 towns and cities across the UK. It's part of a global group, with a presence in over 3,200 cities, in 20 countries with 5000+ parking operators.

We're driven by one thing: making our cities cleaner, healthier and more liveable. Transforming cities into places where people can move around freely, with easy to use mobility solutions, while reducing congestion and pollution. How? By unlocking the power of technology to make parking simple, quick and effortless for drivers, operators and cities.
